# RIMAGE CONSUMABLES *(for RIMAGE SYSTEMS series 24xx)*

## Get the most out of your Rimage system and printer

Not all disc printing supplies are created equal. Rimage offers the best-quality ribbons, ink and media for the high-volume, on-demand performance you rely on from your publishing system and printer.

## Benefits

### Quality matching

Rimage ribbons, ink and media are designed to work together for extraordinary print quality and data integrity—just what your customers expect.

### Dependable results

Prism™ and Everest® discs contain a special top coating optimized for Rimage printers, resulting in better print quality and system performance. Based on longevity testing, Rimage guarantees that its CDs and Blu-ray Discs™ will retain their integrity for 100 years, and DVDs for 30 years.*

### Better performance

Rimage media is matched precisely to your system's specifications for faster write speeds and error-free operation. Fewer rejected discs means less disruption to your time-critical production.

## Features

### Prism - *for Rimage Allegro*

- 2,100 prints or more with black, red, and blue Prism ribbons
- 500 prints or more with 3-paneled CMY ribbons
- Ribbons and media optimized for use with Prism printers

### Everest - *for Rimage 2410 & 2450*

- The highest print resolution in the industry
- Predictable yields for consistent cost per printed disc
- Scratch proof, waterproof, fade-resistant and UV protected
- Ribbons and media optimized for use with Rimage Everest printers

### Inkjet - *for Rimage 2000i*

- No pooling, smudging or over saturation
- Faster drying times
- Reduced dot gain
- Beautiful color resolution

Purchase printing supplies from your Rimage Authorized Reseller or from Rimage directly at rimage.com/shop — a convenient one-stop shop for your disc printing needs.

*Rimage Optical Media Warranty can be viewed at rimage.com.

## Options
